## Why Buy Advanced Detection Systems' Metal Detectors?

ProScan Conveyor System

SurroundScan Protector HD

- ❖ Advanced Detection Systems are metal detector experts focused on providing superior patented metal detection technology
- ❖ All engineering, sales, manufacturing, testing and service is centralized in one facility located in Milwaukee, WI; we are able to offer our customers personal, friendly and informative experience.
- ❖ Proprietary software and electronics are custom designed to minimize false rejects from the product and varying production conditions - the net result is achieving the sensitivity requirement
- ❖ Customized metal detection systems designed to the customers exact application needs
- ❖ Free product testing that guarantees sensitivity requirements are being consistently met all the time
- ❖ Our washdown enclosure design is the best in the industry! We are preferred by meat and seafood processors because our IP69K-rated washdown construction literally prevents high pressure water from getting into the coil area, eliminating the need for costly repairs
- ❖ More than 30 years in business with employees that have years of knowledge, experience and expertise.
