

SurroundScan® Protector HD

Industrial Applications

- ◇ Expert technical support from our factory
- ◇ State of the art detection levels for ferrous, non-ferrous, and stainless steel.
- ◇ Removable end plate facilitates easy installation without removing conveyor belt.
- ◇ Robust and reliable metal detector
- ◇ Engineered to withstand tough applications
- ◇ Protects precision processing equipment

SurroundScan Protector HD

The Protector HD ensures product purity, detects safety hazards, defends processing equipment and prevents costly downtime.

Protector HD Features

- ◇ Autolearn easily sets appropriate sensitivity levels.
- ◇ Adjustable RF protection helps compensate for environmental noise and power fluctuations.
- ◇ Digital control and processing with two channel detection.

More Information

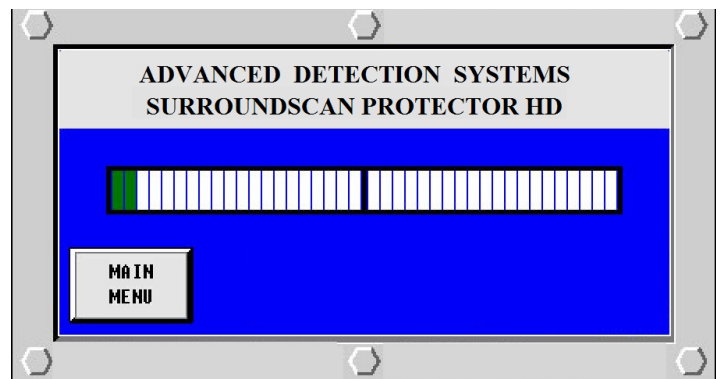

Advanced Detection Systems has been identifying and meeting unique metal detection needs for over 30 Years.

All equipment engineered and manufactured in Milwaukee, WI USA, which lets us provide a "one stop shop" for all your metal detection needs.

The Protector HD ensures product purity, defends processing equipment and prevents costly downtime.

SurroundScan Protector HD in the Agricultural Industry

SurroundScan® Protector HD
Password Protected Touchscreen

Product Monitor

You get real time signal values for your product and the ferrous, non-ferrous and stainless-steel metal that must be detected.

Patented Vibration Technology

Improves performance and reliability when used in a vibration heavy environment.

Guaranteed Sensitivity

We test your product and calibrate our detectors to your product's specific needs and guarantee sensitivity.

Acculearn™ Technology

Our detectors quickly learn your products characteristics, in as few as two minutes, eliminating false trips caused by product variability.

Custom Built

Our metal detectors are individually designed by our engineering staff and manufactured to your exact specifications.

Heavy-Duty Construction

The SurroundScan metal detector product category reflects our history of manufacturing robust, reliable equipment.

Optional Splice Sensor & Metal Marker

Remote Control Cabinet

Dings Overhead Self-Cleaning
Electromagnet

Dings magnetic group
an Advanced Detection Systems sister company

Magnetic Separators from Dings Co. Magnetic Group

Dings Self-Cleaning Models' belt continuously travels across the face of the magnet to automatically discharge tramp iron. It comes equipped with a multi-rubber belt with 1 inch hot vulcanized cleats.

Get Detection Optimized for Your Process

Have your targeted contaminants professionally tested for in our lab, free of charge. The results are used to optimize your Protector's® detection levels for your material stream's specific characteristics. We stand by this method with a written guarantee.
