

SurroundScan® Protector HD

for Aggregate &
Mining Industries

- ◇ Expert technical support from our factory
- ◇ State of the art detection levels for ferrous, non-ferrous, and stainless steel.
- ◇ Removable end plate facilitates easy installation, no belt removal required.
- ◇ Robust and reliable metal detector
- ◇ Engineered to withstand tough applications
- ◇ Protects processing equipment

SurroundScan Protector HD

The Protector HD ensures product purity, detects safety hazards, defends processing equipment, and prevents costly downtime.

Protector HD Features

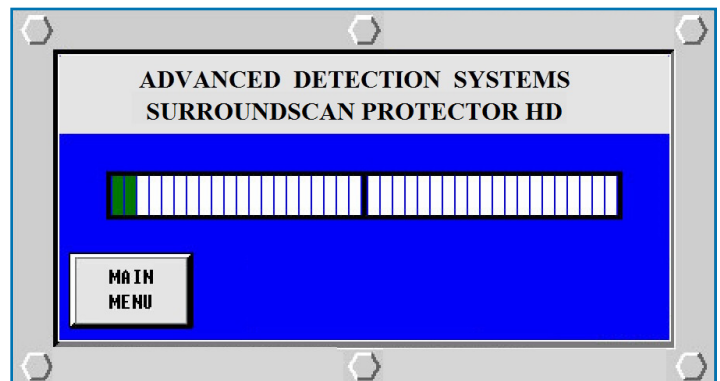

- ◇ Autolearn technology easily sets appropriate sensitivity.
- ◇ Adjustable RF protection helps compensate for environmental noise and power fluctuations.
- ◇ Digital control and processing with two channel detection.

More Information

Advanced Detection Systems has been identifying and meeting unique metal detection needs for over 30 Years.

All equipment engineered and manufactured in Milwaukee, WI USA, which lets us provide a “one stop shop” for all your metal detection needs.

The Protector HD ensures product purity, defends processing equipment and prevents costly downtime.

SurroundScan® Protector HD
Password Protected Touchscreen

Product Monitor

You get real time signal values for your product and the ferrous, non-ferrous and stainless-steel metal that must be detected.

Patented Vibration Technology

Improves performance and reliability when used in a vibration heavy environment.

Guaranteed Sensitivity

We test your product and calibrate our detectors to your product's specific needs and guarantee sensitivity.

Acculearn™ Technology

Our detectors quickly learn your products characteristics, in as few as two minutes, eliminating false trips caused by product variability.

Custom Built

Our metal detectors are individually designed by our engineering staff and manufactured to your exact specifications.

Heavy-Duty Construction

The SurroundScan metal detector product category reflects our history of manufacturing robust, reliable equipment.

Optional Splice Sensor & Metal Marker

Remote Control Cabinet

Stationary Electromagnet

Self-Cleaning Permanent Magnet

Magnetic Separators from Dings Co. Magnetic Group

Dings Co Magnetic Group has provided powerful magnetic separation equipment to the aggregate and mining trades for over 125 years. Dings magnetic separators ensure the protection of your processing equipment and the purity of your product. Dings magnets are unsurpassed in reliability and performance. We stand by this claim with an industry best 20-year warranty on coil burnout for all electromagnets. We meet or exceed our customer's unique application objectives by supplying the proper magnet for each application. Dings is proud to provide the best aftermarket support in the industry from our experienced engineering, manufacturing and sales teams. Dings designs and manufactures all our products at our factory in Milwaukee, Wisconsin, USA.
